

Music Machine 15

Music Machine 15 has two options for performance.

The first option (satiean) is to play Satie's piece Vexations as it was written, repeating the chord pattern 840 times.

The second option (cagean) is based on Satie's Vexations but is also based on Cage's Cheap Imitation. This option will use the same rhythm as Satie's original and will also use the same chords (but not necessarily in the same order).

If the cagean option is chosen the machine will run indefinitely until stopped by the user.
